Hudson Yards: Commercial Development and Commercial Moves into New York City's Marquise Development

Posted in Office Moving (<http://www.eagletransfer.com/category/office-moving-2/>), Our Work (<http://www.eagletransfer.com/category/our-work/>) by Eagle Transfer Corp. (<http://www.eagletransfer.com/author/eagletransferuser/>) - September 30, 2019 (<http://www.eagletransfer.com/hudson-yards-commercial-development-and-commercial-moves-into-new-york-citys-marquise-development/>)

The Hudson Yards development located in the Chelsea and Hudson Yards neighborhoods of Manhattan is a marquise commercial development, and the largest such development in the United States. Home to one of the most popular Instagram spots in NYC, the Vessel, Hudson Yards' construction began in 2012, with the first commercial space at 10 Hudson Yards opening in 2016. The entire project is projected to be completed by 2024.

Phase 1, which was completed in 2019, is comprised of 6 commercial buildings – 10, 15, 30, 35, 50 and 55 Hudson Yards – The Shops and Restaurants at Hudson Yards, the Shed, a public plaza and the Vessel. Naturally, some of the world's top companies, retail stores and fine dining restaurants have moved into or opened at the Hudson Yards development.

With that level of movement into this new \$25 billion development on New York City's west side, there has been a strong need for capable NYC commercial moving companies. For a business without such a moving company, an office move can be both stressful, time consuming and financially damaging due to significant downtime. Eagle Transfer prides itself on eliminating that worry by providing efficient commercial moving services in New York City that eliminate downtime and stress.

As the premier commercial moving company in New York City, Eagle Transfer (<http://www.eagletransfer.com>) has moved several large companies into the development at Hudson Yards. These moves include:

Warner Media. In 2019, Warner Media moved into a 1.2 million square foot office space at 30 Hudson Yards. This commercial move was handled entirely by Eagle Transfer, their largest move of the year, over the course of three months. The move included 3,000 people and their belongings, including Warner Media's CEO, corporate offices and its talking heads, such as Anderson Cooper. It also included the company's computers, contents and production equipment.

Milbank LLP. In 2019, Eagle Transfer handled Milbank's large office move into a 300,000 square foot office located at 55 Hudson Yards. This move spanned one intense week of packing, moving and unpacking the contents of the company's partners.

Boies Schiller Flexner LLP. Over the course of one weekend in 2019, Boies Schiller moved into a 125,000 square foot office at 55 Hudson Yards. Eagle Transfer was responsible for the packing, moving and unpacking of all partners and common areas.

Ashurst LLP. Eagle Transfer moved Ashurst into a 25,000 square foot office space located at 55 Hudson Yards in 2019.

VaynerMedia. In 2016, VaynerMedia relocated to a 100,000 square foot office located at 10 Hudson Yards with the moving assistance of Eagle Transfer. Eagle Transfer moved 300 people and their belongings to the Hudson Yards location, and all of VaynerMedia's production equipment to a Long Island City location.

Hudson Yards LEGO Structure. Eagle Transfer, on behalf of the developer, Related Companies, moved a LEGO structure of 30 Hudson Yards.

If your business is in need of a top New York City commercial moving company, contact (<http://www.eagletransfer.com/contact/>) Eagle Transfer today for a consultation or quote; we would be honored to help your business thrive through a successful corporate relocation.
